

# ADAPTIVE AQUATICS

## CONTRAINDICATIONS

We want to partner with you in ensuring safety for your child and other children in the adaptive aquatics program. In order to do so, please note the following contraindications for participation in the adapted aquatics program. For the well-being of your child and the other children participating, it is not safe for children who have the below conditions or behaviors to participate in our programs. If you have specific questions please contact us for clarification.
